

The diagram shows a rectangular print layout with a light blue background. It features three main types of lines: two vertical green lines representing fold lines, one horizontal blue line representing a safety line, and two diagonal red lines representing the cut line. Arrows point from the text labels to their respective lines. The layout is divided into four quadrants by the fold lines. The top and bottom quadrants are further divided by the safety line. The left and right quadrants are further divided by the cut line. The text labels are placed within the quadrants: 'RED LINE IS THE CUT LINE' and 'THIS IS WHERE THE FINISHED PRODUCT WILL BE CUT' in the top center; 'BLUE LINE IS THE SAFETY LINE' and 'ANYTHING THAT IS NOT GETTING CUT MUST BE INSIDE THIS BLUE LINE' in the middle right; 'GREEN LINES ARE THE FOLD LINES' and 'THIS IS WHERE THE JOB WILL BE FOLDED' in the bottom left. The finished size and bleed dimensions are listed in the bottom right.
