

The diagram shows a rectangular print layout. A red line runs horizontally across the top, with two arrows pointing outwards from its ends. A blue line runs horizontally across the middle, with a long double-headed arrow passing through its center. A green line runs vertically down the center, with an arrow pointing left from its lower half. Text labels explain the function of each line: the red line is the cut line, the blue line is the safety line, and the green line is the fold line. Dimensions for finished and bleed sizes are provided at the bottom.
