

The diagram shows a rectangular card template with rounded corners. It features three horizontal lines near the top: a blue line, a red line, and a black line. Each line has an upward-pointing arrow and a corresponding text label. The blue line is the leftmost, followed by the red line, and then the black line on the right. The text labels explain the purpose of each line: the blue line is the safety line, the red line is the cut line, and the black line is the bleed line. Below these lines, the finished size and bleed dimensions are specified, along with the corner radius.
