

The diagram shows a rectangular print layout with three horizontal lines near the top. From bottom to top, they are: a blue line, a red line, and a black line. Each line has an upward-pointing arrow and a corresponding text block. The blue line is the innermost, followed by the red line, and the black line is the outermost. The text blocks explain the purpose of each line: the blue line is the safety line, the red line is the cut line, and the black line is the bleed line. At the bottom center, the finished size and size with bleed are specified.
